Summer Term Year 8 Home Learning	Department: English
	Home Learning Activity
In the Summer Term Year 8 are preparing to complete an AQA pilot examination.	1. Think about a novel you have read recently. What type of narrative structure did it have? Was it effective? Explain your ideas.
Home learning tasks are to enable students to consolidate the skills required to complete the examination.	2. Write down your mobile phone number. Now pick a genre of writing. You must write a paragraph corresponding to the numbers you have written down. This will help you focus in the importance of sentence structure.
Home learning tasks cover: Creative writing Writing for different purposes Summarising Analysing language and structure	3. Take your exercise book home to show your parents. Ask them to write a comment about your work in English.
	4. Design a persuasive leaflet to promote the importance of the NHS
	5. Find a newspaper Article either online for from a newspaper. Can you highlight the key information from the text and produce a 10 bullet point summary? Extension - How has the language been used in the article?
